New Entrepreneurs (NEs) acquire and exchange experiences and business ideas with experienced entrepreneurs, Host Entrepreneurs (HEs), by collaborating in the companies for periods between 1 and 6 months. The stay is partially covered by the European Union.

ERASMUS FOR YOUNG ENTREPRENEUR

Erasmus for Young Entrepreneurs
Supporting entrepreneurship

Erasmus for Young Entrepreneurs is a cross-border exchange programme which aims to help new and aspiring entrepreneurs acquire relevant skills to run and grow a small business by working with an experienced entrepreneur in another country for one to six months. It increases their know-how and fosters cross-border transfer of knowledge and experience between entrepreneurs.

It has demonstrated a positive impact in stimulating innovative business practices, the development of new products and services and expansion into new national markets.

Erasmus for Young Entrepreneurs was launched in 2009 by the European Commission following an initiative of the European Parliament.

Erasmus for Young Entrepreneurs is one of the key actions of the Entrepreneurship 2020 Action Plan, which aims to reignite entrepreneurial spirit in Europe, support new businesses in crucial phases of their lifecycle and help them to grow.

Erasmus for Young entrepreneurs

A network of contact points at your disposal

Erasmus for Young Entrepreneurs is run locally by support organisations (e.g. Chambers of Commerce and Industry, start-up centres, incubators etc.). These local contact points are selected by the European Commission and guide entrepreneurs throughout the exchange.

To obtain more details about the programme and to get in touch with your local contact point, visit the programme website: www.erasmus-entrepreneurs.eu

The activities of the Intermediary Organizations are coordinated at European level by the programme Support Office.
